Acknowledgements

Firstly I would like to thank Mr. Ken Kahn for this amazing opportunity to show my passion of coding. I would also like to thank Ms. Smita, Prathiba and Shiksha for helping me with all my queries throughout the journey in making this

About Me..

- **My name is Hashim Ali Qadri**
- **I am 13 years old**
- **I have a very good interest in coding (especially speech synthesis).**
- **I like drawing and playing on my keyboard/piano**

About My Internship with Clevered..

My experience in the internship so far has been going really great and I'm feeling more confident the more I progress

About App..

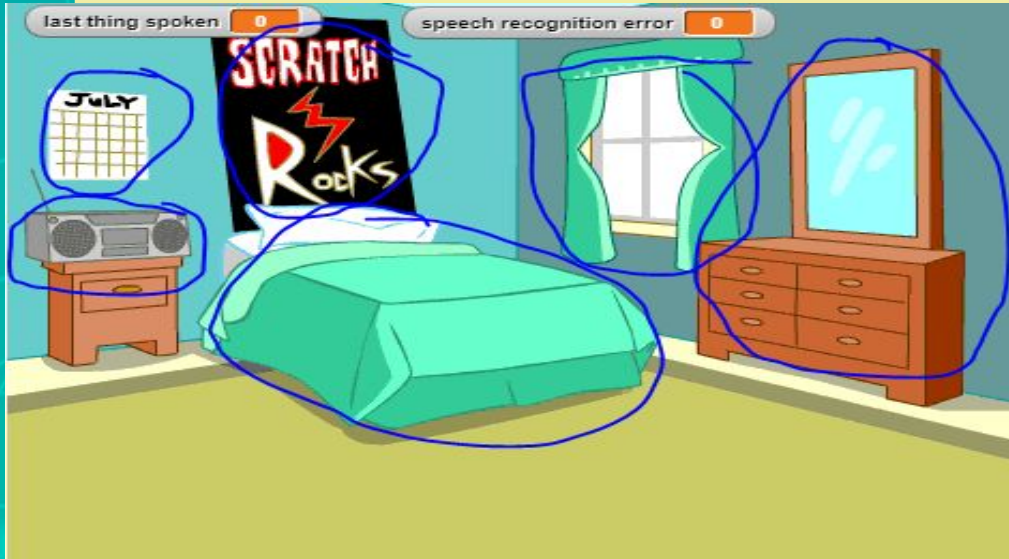

ADVENTURE GAMES

THE RIDDLER

easy

medium

hard

- **This app is an adventure game based on riddles. More info on the next slide**

Using the App

(This will be repeated for each option of the App)

- **In this App/Game, the user is stuck in a room and will have to speak out the object to go close to it or speak about it.**

- **There are also variables at the top that lets you know what you have spoken.**

- **There are 6 rooms with 3 difficulties. First 2 rooms is easy, middle 2 room are medium and last 2 rooms are hard.**

Rules and Other Info

- **This is an explorative and mind testing game.**
- **If you have difficulty seeing. No problem. As this app may be played by visually impaired people.**
- **If you don't here anything after answering a question. It means its either wrong or you have to say it clearly or straightforwardly.**
- **Always be precise on what you are saying.**
- **If you want a hint, just say hint but this will lower down your score.**
- **If you want to repeat what objects you can speak out simply say repeat.**
- **Don't talk when the character is talking as it causes bugs to the app**
- **Getting the answer right gives you 10 points and asking for a hint gives you -10 points.**
